

MEET THE SHERIFF

“I” is a word that isn’t used very often in my vocabulary. I prefer “we” and “us” because they are more indicative of my leadership style and personality. Teamwork, partnerships, and collaboration are such powerful concepts and, in my opinion, crucial for success in any endeavor. These are concepts that are held in high regard at the Eddy County Sheriff’s Office and a large part of why we continue to succeed and improve every day as public servants.’
